WORK EXPERIENCE

Web Developer | Freelance — ByteWay Local Food Store

September 2024 – December 2024

- Developed a full-featured website for a local food store using HTML, CSS Grid, Flexbox, and JavaScript.
- Improved user engagement through responsive design and mobile-first layout.
- Applied SEO best practices (meta tags, alt attributes, keyword optimization).
- Integrated CMS for easy content updates by non-technical staff.
- Conducted user testing and implemented improvements based on feedback.
- Optimized load times and performance using media compression and code optimization.

Full Stack Developer Intern | EasyMenu

June 2024 – August 2024

- Designed and implemented a responsive interface in Angular for recipe creation and management.
- Integrated RESTful APIs to handle CRUD operations using Postman for testing.
- Applied NgRx for efficient state management.
- Built a secure authentication system using JWT, Node.js, and MongoDB.
- Participated in Agile environment and version control with Git.

Web Developer Intern | KFC (DevOps Team)

December 2023 – June 2024

- Assisted in automating deployment processes and configuring environments.
- Collaborated with DevOps engineers to optimize cloud infrastructure.
- Implemented CI/CD practices to enhance deployment reliability.
- Developed scripts to automate repetitive tasks and minimize errors.
